Dear Deb:

I am very excited to be back at Portage and, more so, to see that we are continuing to progress in an attempt to make more students, schools, parents, etc. aware of the dangers of drug use. We whole-heartedly support the program for two basic reasons. First, it allows the community to see that we are being proactive against the war on drugs. Secondly, and more importantly, it gives both parents and students options in addressing this most serious issue by taking a stand and showing others their support to remain drug-free.

We applaud your courage, dedication and fortitude to continue the fight, not only for those you know and love, but for all of us, our students and parents across this county and state.

Please allow this letter to serve as notification of the Portage Area School District's commitment and support to the "Remembering Adam Program." Please do not hesitate to contact us if you need something or if we can be of any help.

Yours in education,
